Patient reception

Biolab provides a MELISA[®] sample taking service and transport service at Biolab Medical Unit, 9 Weymouth Street, London, W1W 6DB

Tel: 020-7636 5959/5905 for an appointment,
or go to: www.biolab.co.uk for directions

Monday to Wednesday 9:00am to 2:45pm to allow for same day shipping which is preferred

Instructions for sample taking

Please use the following number of 9 ml tubes containing sodium citrate for testing:

- 1 x 9ml tube is needed per dental material sample
- 3 x 9ml tubes for up to 5 dental material sample

Prices

1 sample £130

2-5 samples £260

Phlebotomy fee £15

Courier fee £30

The Dentist or Patient should provide the material needed for testing. A small piece of the material, the original powder or solution would be preferred. The material, powder or solution should be stored in a plastic bag or container.

Ideally, contamination from other materials should be avoided.
